

Editorial Letter

Dear Colleagues,

The ISIAN-IRS-PARS 2014 in Dubai is a joint meeting between the International Society of Infection and Allergy of the Nose [ISIAN], International Rhinology Society [IRS] and Pan Arab Rhinology Society [PARS]. The Congress is expected to be attended by more than 2000 participants; most of the distinguished international rhinologists all over the world will participate.

On Stage cadaver dissection will be demonstrated in three simultaneous sessions throughout the four days!, covering basic, advanced and extended FESS, rhinoplasty, snoring & OSA surgery. www.isia-irs-pars2014.org.

We will have four simultaneous sessions including, basic FESS session, advanced & extended FESS session, Rhinoplasty & Snoring & OSA session and Smell & allergy and basic science session. In addition to the free paper sessions, E-posters and after noon instruction courses covering all aspects of Rhinology.

Dubai has a lot of attractions to visit and the weather in November is great.

On behalf of the organizing committee of the ISIAN-IRS-PARS 2014, DUBAI, November 20-24, 2014, we would like to I invite you all to participate in the meeting. Do not miss such a mega scientific and social event.
